U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on JULY 3, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
JULY 4 - 10, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of July 14, 1977, (based on reports from exporters for the week ending July 3 unless otherwise noted):

Wheat: New sales activity was noticeably light. Lebanon entered the market for the first time this marketing year (MY) taking 50,000 metric tons (MT) of Hard Red Winter under the PL-480 program. Nominal sales were reported to numerous other countries and to unspecified destinations. Initial sales for 1978/79 of 177,800 MT of Hard Red Winter to unknown destinations were reported last week under the daily system. Volume of exports continued slow.

Corn: Sales activity showed a modest gain as numerous European countries, Taiwan, Canada and Mexico added to existing purchases. The 1977/78 MY activity was dominated by sales of 250,000 MT to Japan and 150,000 MT to unknown destinations. The Netherlands and Mexico also increased their purchases. Exports were modest totalling 757,500 MT during the week.

Barley: Activity slowed to a virtual standstill as total sales rose by only 10,400 MT. The pace of exports picked up as 54,900 MT were shipped to Korea.

Sorghum: Both sales and exports lagged far behind the preceding week's heavy pace. Portugal's purchase of 20,300 MT and exports of 25,400 MT to Japan were the week's highlights.

Rice: The majority of the buying interest has shifted to the new MY, starting August 1, 1977. Iran added to purchases for both the current and next MY. Sales of 18,800 MT to Indonesia under PL-480, first reported last week, were shifted into the next MY. Weekly exports of 71,800 MT were the heaviest for 1976/77.

Soybeans: For the fourth time in the last 6 weeks, contract adjustments (net foreign purchases and cancellations) more than offset new sales, resulting in a net reduction in total sales for 1976/77. Interest in 1977/78 MY beans continued good as sales of 202,000 MT were reported. Weekly exports of 193,100 MT were up substantially from the previous week, and were primarily to the EC, Taiwan, Japan and Israel.

Soybean Cake and Meal: Sales activity was limited. Exports of 43,800 MT went to the EC, Japan and Iran. The 10,000 MT shipped to Iran was the initial export of the year to that destination.

Soybean Oil: Sales activity continued light with Haiti the principal customer. Exports of 28,500 MT were the largest since early May, going mainly to India, Pakistan and Panama.

Cotton: Sales activity remained unchanged from the pattern of the last two months. MY 1976/77 sales were insignificant while MY 1977/78 sales were strong, paced by the PRC (105,600 RB), Japan (17,000 RB) and Korea (10,800 RB). Exports picked up, totalling 91,300 RB with 93 percent going to Asia.

Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING COUNTRY
For Week Ending July 3, 1977

Data shown above may not add due to rounding. 1/Includes increase resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
